

Business profile

SKRRRTSHOPPH

- Established January 20, 2021. Skrrrt Shop PH is an online Kpop Merch Shop based in Metro Manila. They do group orders for Korean albums or merch which are sold in Korea and bring them in Philippines

Business Industry

We buy mostly of our products thru official Korean websites such as Ktown4u, Gmarket, apple music, and others. Most of our products are pre ordered; we also accept pasabuy orders (old albums, beauty products, food)

Product Range

Kpop albums and merchandises, and other Korean products (foods, skincare, etc.)

Services

Group Orders for pasabuy (pasabay) or pabili and pahanaps

Tech Problems

we need a platform na available for all buyers since main platform ntn now is twitter and shopee not all may twitter kasi then sa shopee maybe we need a seaprte website kasi mahal service charge nila if we have our own website they can pay directly (better if may cc option)

tapos hassle mag update ng masterlist pag may website andun na lahat ng info and makikita nila status ng order

unlike masterlist update manually

Requirements of the web App

1. Easy to understand for all ages and unique design , eye capturing .
2. after ordering automatic update on the status of the masterlist. (depends on the teams capabilities)
3. User acc and verification if legit ung buyer/user (depends on the teams capabilities)
4. Mode of payment gcash banktransfer paymaya (Gform)
