

Good Day Ms. King,

Our team has been hard at work designing the ecommerce website for your business. We would like to request your approval for our mock-up prototype so we can continue further to implement it!

For the past few weeks, we've spent a great deal of time coming up with a good design to align with your technical needs, and to identify an ideal solution to the current situation of your business. We've come up with a really good design and we hope you'll share our enthusiasm as we look forward.

Please let us know if there is any other information you need regarding our mock-up prototype to help you make your decision.

Respectfully,

A handwritten signature in dark ink that reads "Richard King". The script is fluid and cursive, with the first letter of each word being capitalized and prominent.

Richard O. King

Requirements Analyst
